

P

- **PRICE** - Did you know that the Average National Price paid by a provider for a SpineCraft LLC, Spinal Screw #PR66245F (45MM) is \$990.31? But you are being charged upwards of \$3,900.00. ImplantDx eliminates any guesswork about how much health care providers are really paying for these devices.

A

- **ANALYTICS** - ImplantDx contains provider-reported pricing by low, median and high pricing by supplier, category, and item or SKU. This allows great specificity for you to effectively mine and benchmark your implant provider charges in order to identify potential savings and maximize loss control. This powerful information is what you need to avoid unnecessary **overpayments**.

R

- **RELIANCE** - Do you have to go to outside sources to get cost and/or data analytics for your implant claims? ImplantDx eliminates the wasted time & expense of going elsewhere for your needs. And when you have questions, you can rely on your personal Account Manager to help.

T

- **TIME** - Saving time means saving money. It couldn't be easier to use ImplantDx. There are numerous ways to search: Type in the name of the device, catalog number, keyword, grouping, manufacturer or SKU. Results are virtually instantaneous. That, in turn, means you can pay claims quickly.

S

- **SAVINGS** - There's no secret that implant costs remain opaque. Having fully-transparent implant pricing is the first step to REAL financial savings. The data and analytics that support ImplantDx give subscribers even greater specificity when reviewing their claims.
